

# The improved **Infyna Chic™** intermittent catheter

## *Clear tube*

to aid visualization.

## *Longer catheter tube*

for confident, full bladder drainage.

## *More lubricious coating*

for more comfortable insertion.

Recyclable case

Made with 11%  
less plastic

PVC free\*

\*Not made with PVC, DEHP, phthalates, or natural rubber latex

## What our users love

Our discreet, aesthetically pleasing design offers a sense of normalcy, without constant reminders of medical concerns. It's beautiful and easy to use.

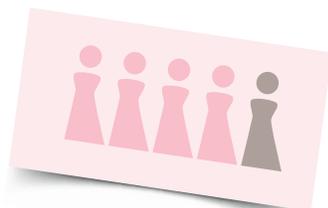

- Flip-top cap on catheter case is easy to open and close with just one hand
- Prehydrated hydrophilic catheter is ready to use with no extra steps
- Easy to grip and remove catheter from the case
- Reseal case after use and dispose of catheter without leaks or odor

# Subtle enhancements, improved outcomes

We're committed to improving the self-catheterization experience for the women who choose us, which is why we've introduced some subtle yet significant changes. Delivering even more comfort and confidence – for your peace of mind.

In an evaluation with clinicians,

# 4 out of 5

would recommend this improved version of the Infyna Chic™ catheter.

Hollister Data on File, BA-08350R, 2021. n=21.
